Perennial ryegrass

With Neruda 1 Everything is Rhyming in Harmony!

- Exceptional quality rating during winter
- Very intense dark green colour
- Very best resistance to Fusarium
- Fantastic for overseeding also

Ratings

Intercontinental Success

Final results from NTEP - USA as well as official trial results from France shows top performance of NERUDA1.

Exceptional Quality Rating During Winter

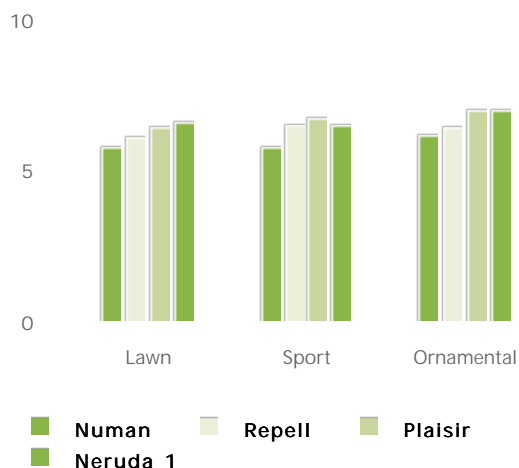

NERUDA 1 has a superior visual aspect during winter, coupled to high leafspot and Fusarium resistance. NERUDA 1 is thus also an evident choice for overseeding and can advantageously be included in any blend to ensure nice winter appearance.

Very Intense Dark Green Colour

Neruda 1 has entered the French official variety list classed as the darkest of all and ranking fourth in the NTEP - USA trials (All Star 2).
